

Position: Haematologist - clinical and laboratory

A Haematologist to work in a team to provide clinical and diagnostic haematology for the Royal Hobart Hospital which serves a local population of approximately 250,000 people and is the tertiary referral centre for the rest of Tasmania.

Royal Hobart Hospital includes most adult specialties and paediatrics, the Statewide Bone Marrow Transplant Service and Tasmanian Haemophilia Centre and is the statewide referral centre for flow cytometry and cytogenetics. There are close ties with the University of Tasmania and staff participate actively in relevant teaching and research programs.

Enquiries: Dr Rosie Harrup 0362228157 [rosemary.harrup@dhhs.tas.gov.au](mailto:rosemary.harrup@dhhs.tas.gov.au)

Applications Close Friday, 6 August 2010.
