HSANZ

APPLICATIONS

The HSANZ Council is pleased to call for applications for Scholarships to be taken up in 2011.

Applicants should take note of the guidelines for these Scholarships, detailed below, and should provide the following:

- A full curriculum vitae, including details of undergraduate training, awards and prizes, postgraduate training and experience, publications and presentations at state, national and international meetings.
- Reports from 2 referees.
- A covering letter outlining the proposed study program, a synopsis of what is hoped to be achieved, and the applicant's long term career plans. Include information on the project and a budget. Living expenses are an acceptable budget item.
- Any other funding sourced or being applied for.
- Any other relevant information, such as correspondence with centres of proposed study.

Applications and any other enquiries should be mailed to the

Honorary Secretary, HSANZ, 145 Macquarie Street, Sydney 2000

In addition send an electronic copy of your application to hsanz@hsanz.org.au

by the closing date of

Monday, 7 June 2010

GUIDELINES

Purpose To enhance the scientific stature of Australian and New Zealand Haematology by providing the opportunity for medical graduates who are undertaking advanced training in Haematology or science graduates undertaking specialised research in Haematology to gain experience in acknowledged centres of excellence.

Scope The Scholarships will be for a period of 1 year. Three Scholarships with a value of AUD50,000 each with tax fee status if enrolled for a full time higher degree.

Eligibility Scholarships will be open to medical graduates who are completing, or have just completed, advanced training in Haematology and to science graduates undertaking specialised research in Haematology, preferably with enrolment in a higher degree. Australian and New Zealand residents are eligible. **Applicants must be members, trainee members or associate members of the HSANZ**, and be able to demonstrate long-term commitment to a career in Haematology. Scholarships must be used for specialised study in clinical or laboratory Haematology in an internationally recognised centre of excellence. Preference will be given to individuals going to overseas centres.

Selection Process The award of the Scholarships will be based on the following criteria:

- ❋past academic record
- ❋publications
- ❋presentations at meetings
- ❋recommendations of 2 referees
- ❋program of study proposed
- ❋evidence of commitment to a career in Haematology

Application: Applications will be called for in March/April each year and will be considered by the HSANZ Council at the June/July Council meeting. Council may wish to interview selected applicants.
